A Message From The President. . .

Legacy Partnership Developed with CSU Construction Management

The CAPA Board of Directors took a bold step forward in December 2024, by reaching an agreement with Colorado State University (CSU) on securing the Naming Rights for the Asphalt Lab within the Construction Management Program (CM). The 25-year agreement stipulates that the contribution will be earmarked for lab renovations, new equipment, curriculum updates, support of heavy/civil initiatives and student recruitment/support. Our industry has long standing ties with the CSU CM program, and we are proud to reach this “legacy” partnership that will ensure asphalt materials and construction education continues as a cornerstone of the CSU CM program. There are many graduates from this program throughout our industry and this will enhance the pipeline to attract future team members to our industry.

92% of the roadways in our great state are asphalt and its increasingly apparent that we need help securing funding mechanisms to increase maintenance budgets. In 2025, our plan is to expand efforts and support of local agencies to advocate for increased funding for street and road improvements. Several agencies were successful in 2024 to increase street maintenance funding; these include Arapahoe County, Colorado Springs, Greeley, and Jefferson County. CAPA is here to help stakeholder community organizations in voter outreach and education campaigns.

As we move toward the start of the upcoming season, please continue to keep safe work in the forefront of your mind. Remember that safety is a shared responsibility requiring each of us to watch out for each other and be accountable for our own safety. No matter your role, please reflect and act upon the many ways you can ensure your own safety as well as the safety of others. There is no greater responsibility.

I'd like to express our sincere gratitude for the contributions from all our members, industry partners and stakeholders that allow CAPA to thrive.

All the best for a successful and SAFE 2025!

Ryan Yoch
President, CAPA Board of Directors

A Message From The Executive Director. . .

Welcome to the 2025 CAPA Membership Directory & Buyer's Guide!

Our goal is for this publication to be one of your key resources in 2025. It is packed from cover to cover with information on our members, our association, and agency and industry partners. Care has been taken to make it as accurate and up to date as possible. Let us know if you see an error or something that needs to be updated. We thank our publisher Jo Taylor of Prime Media/CPWJ and Tom Clayton of the CAPA staff for their hard work in putting together another top-notch directory. We are very appreciative of the support of our advertising sponsors. A special thank you to each of the companies listed below.

COLORADO STATE UNIVERSITY

CAPA Establishes Legacy Partnership with CSU Construction Management

CAPA President Ryan Yoch and CSUCM Department Head Paul Goodrum signed an Agreement on December 13, 2024, that solidifies the support of CAPA to the CSU College of Health & Human Sciences and the CM Program for the next 25 years. President Yoch stated, "Our industry has long standing ties and support for the CSU CM Program. This Agreement ensures a legacy partnership that advances both organizations for a generation to come."

The CAPA Lunch & Learn Series is a 'No Cost Service' to members and agency partners that provides training on the latest information, technology, and applications for asphalt pavements. Presentations are 60 to 90 mins, tailored to meet your needs, and we will come to your office to make it convenient for you and your colleagues. PDH/CEUs are available.

Pavement Preservation	Pavement Design	Asset Management
Porous Asphalt	Street Program Funding	Life Cycle Cost Analysis
Perpetual Pavement	Rubblization of PCCP	PG Binders / Mix Selection
Thin Lift Overlay		

Contact Mike Skinner, Director of Engineering at 303.741.6150 ext. 155 or email at mikeskinner@co-asphalt.com to schedule a session or learn more about this program.

Professional Development Hours (PDHs) will be issued upon completion of the session.

2025 SHORT COURSES - BEST PRACTICES IN ASPHALT PAVING AND MAINTENANCE

CAPA, in cooperation with the RMAEC, is pleased to offer short courses in the Best Practices for Asphalt Paving and Maintenance. Choose from topics listed, or request additional topics, to customize your employee training day. Topics may be tailored to meet your company needs or interests. These short courses are offered exclusively to our member companies at no charge. For additional information, or to discuss training with Tom, please contact him at the Rocky Mountain Asphalt Education Center 303-741-6148 ext.151.

2024 Member of the Year

Erin Kunkel, Martin Marietta

The member of the year is selected each year as a person who exhibits great partnership and commitment to the Colorado Asphalt Pavement Association in advancing our goals and mission.

Erin Kunkel, is a graduate of Colorado School of Mines and began her career with Martin Marietta in 2013. After various increasing employment responsibilities, she is currently the Environmental Manager covering 5 states and over 60 sites in Asphalt, Ready Mix and Aggregates. Over her career, she has organized and participated in a variety of groups both inside and outside of Martin Marietta. She is active in new legislation that may affect our industry and actively participates/organizes community events. She is chair of the CAPA environmental committee, member of the

CSSGA Environmental committee and on the NAPA sustainability committee. Erin always brings positivity to the team and has a natural ability to build strong working relationships with all stakeholders. She won the CSSGA Environmental Person of the year in 2021. Martin Marietta is very fortunate to have Erin lead the environmental efforts throughout the Rocky Mountain Region of the West Division.

"The strength of the CAPA organization is our membership. We greatly appreciate the support of each of these new members and look forward together to advance the use and quality of asphalt pavements in Colorado."

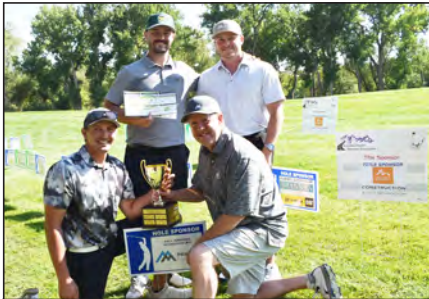

33rd Annual CAPA Cup Golf Tournament & Scholarship Fund Raiser

The 33rd Annual CAPA Cup Golf Tournament & Scholarship Fund Raiser was a wonderful success. 216 golfers enjoyed a day on the links at the Fox Hollow Golf Course in Lakewood. It was a beautiful day and we raised over \$10,000 for the joint CAPA/APWA Colorado Chapter/NCAT Asphalt technology Scholarship Program at NCAT (Auburn University). We thank all of our sponsors including NEW Title Sponsor, Holmes Murphy. It was a cold start to the day with rain, clouds and cool temperatures. The sun came out and everybody had a great time. The round of golf was followed by a BBQ Awards Luncheon.

Congratulations to the Award Winners (Below) The Cutler Repaving team, Bottom Left - Nate Smythe, Top Left - Joe Lee, Top Right - Landon Gonser, Bottom Right - Todd Gonser

LabCAT Laboratory for Certification of Asphalt Technicians

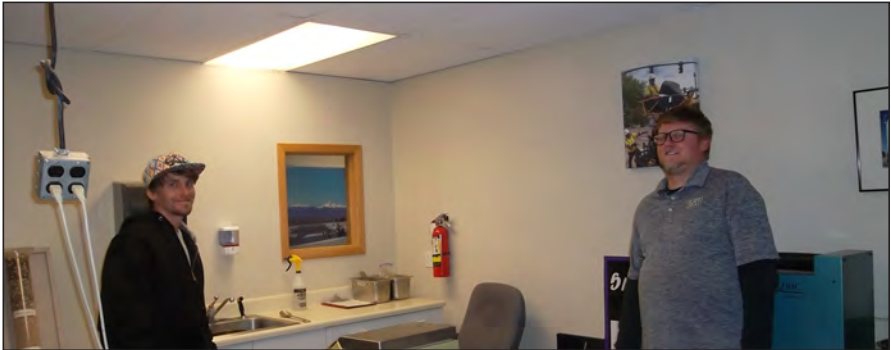

2025 Schedule of Standard Certification Sessions:

Levels A, B, C: January 14-16, February 11 -13, March 25 -27 April 15- 17 (Grand Junction), April 22 -24, May 13-15, June 10-12, July 15-17, August 19-21, September 16 - 18, October 21-23, November 4 -6

Level A only Certification Sessions: January 22, March 5, April 3, May 21, June 18, September 24

2025 Schedule of Streamline Re-Certification Sessions:

Levels A, B, C, E: January 21, March 4, April 2, April 14 (Grand Junction), May 20, June 17, September 23

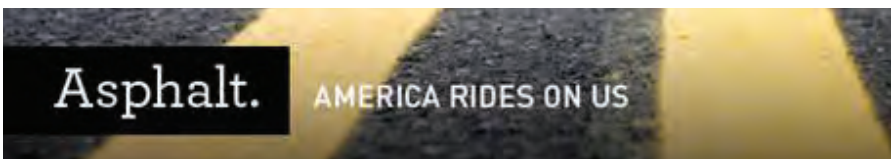

Technician Certification:

Certification is required by CP-10 for anyone performing aggregate properties tests for asphalt mixture designs for CDOT projects. A wallet card is presented to each successful candidate who passes the requirements of the LabCAT program for this level.

2025 Schedule of Aggregate Technician Certification Sessions:

Level E: January 23, March 6, April 17 (Grand Junction), June 19, September 25

Registration and prerequisite information may be found at
[co-asphalt.com/labcat/technician registration](https://co-asphalt.com/labcat/technician%20registration)

Asphalt Paving Materials (APM) Inspector Certification:

Inspectors on CDOT projects are required to have Inspector certification and a current or expired Level A certification. Inspector Certification includes the following: Inspection Elements, Reading Specifications, Surface Preparation for Asphalt, Materials Transfer, Sampling of Asphalt Mixtures, Paving Operations, Compaction Process, High Speed Inertial Profiling and Mat Defects

2025 Asphalt Paving Materials Inspector Certification Sessions:

January 28, February 25, April 14 (Grand Junction), April 29, May 1, July 22, October 7-8

Streamline Re-certification:

April 30, July 23, October 8

Proctor of the Year Award for 2024:

Each year the LabCAT program honors one of the “Volunteer Supplemental Examiners” (Proctors) for their time and effort in providing assistance and guidance for those attempting certification and re-certification.

Bill Bennett, Vivid Engineering Group

Originally from Iowa, Bill was a QC foreman for LL Pelling Asphalt Company running 4 plants serving Iowa City and Cedar Rapids then transitioned into starting up an asphalt consulting business called Bennett Consulting, designing Marshall mix designs for various asphalt contractors. It was 2004 when Bill moved to Colorado and partnered in a restaurant venture with his brother for about 2 ½ years. After selling the restaurant, in 2007 Bill went back in the industry to work for Yeh and Associates working mainly CDOT projects in the I70 corridor from Eisenhower Tunnel to C470.

In 2021, Bill left Yeh in favor of Vivid Engineering Group. The last year and a half Bill has worked as the Head Tester under Mike Stanford in Region 1 North Program overseeing testers in the region, providing support and bringing documentation to final. Proctoring CAPA is a natural way to meet and evaluate new testers in the industry and CAPA is fun!

Proctor of the Year

2024 - Bill Bennett - Vivid Eng. Group
 2023 - Nate Maes- CDOT
 2022 - Darcie Lopez - CDOT Central Lab
 2021 - Scott Muller, CDOT
 2020 - Nick Zilm, A.G. Wassenaar, Inc.
 2019 - Joleigh Doudy, CDOT R-1
 2018 - Aaron Klingsmith, Ground Eng
 2017 - Paul Kinnes, CDOT
 2016 - Grant Mathers, Kleinfelder, Inc.
 2015 - Ryan Zoetewey, Cesare, Inc.
 2014 - Leslie Kochis, CDOT Region 1

2013 - Neomia Roach, Brannan Sand & Gravel
 2012 - Paul Wiggs, El Paso County
 2011 - Andrea Hebard, CDOT Region 6
 2010 - Johnny Lam, CDOT Central Lab
 2009 - Patrick Kowing, FHWA Denver Laboratory
 2008 - Kristin Moran, City of Aurora
 2007 - Bob Wilson, CDOT Region 1
 2006 - Rich Katzer, Carter & Burgess
 2005 - Clayton Goodwin, C & C of Denver
 2004 - Tammy Buck, CDOT Region 6

Rocky Mountain Asphalt Education Center Education Programs

Introduction to PC/OA Testing

“Introduction to PC/OA Testing” is an introductory course designed to teach current CDOT/AASHTO/ASTM test procedures used in the process control and owners acceptance of asphalt materials. This training is useful for both entry level technicians who are preparing for asphalt technician certification, as well as for more seasoned technicians who may be re-entering the testing arena. Inspectors and Engineers who want more knowledge about testing procedures, how they are to be carried out during a paving project, and basic information on how the test results may affect the quality of the pavement, will benefit from this course.

The training course includes classroom instruction and hands-on experience in the laboratory. The course format is divided into four separate one-day courses, covering one level per day. Participants may register for any combination depending on the information desired.

Day 1: Level A - Laydown Operations

Day 2: Level B - Plant Materials Control

Day 3: Level C - Volumetric, Gyrotory, Lottman and Stability

Day 4: Level E - Aggregate

2025 Schedule of Introduction to PC/OA Testing Sessions:

February 3-7 March 17-20, May 5-9, August 11-15, and October 13-17

Check www.co-asphalt.com/rmaec/education-and-seminars for specific date.

Short Courses in Asphalt Paving Best Practices:

The Colorado Asphalt Pavement Association, in cooperation with the Rocky Mountain Asphalt Education Center, is pleased to offer 30 to 60-minute “Short Courses” in Asphalt Paving Best Practices. Tom Clayton, SET, Director of Training and Member Services, supports our member companies with his instruction and expertise in Asphalt Paving Best Practices. Topics can be viewed at www.co-asphalt.com/rmaec/education-and-seminars or contact Tom at the Rocky Mountain Asphalt Education Center at 303-741-6148 ext. 151 or via email at tomclayton@coasphalt.com for more information.

The Asphalt Conference and Equipment Show is moving to a **NEW Location** in 2025. The Conference and Equipment Show will be held at the Beautiful DTC Marriott Hotel, and event Center

The conference and show will be much different than in 2024. The Conference and Equipment Show will have an updated look and exciting displays and Educational Sessions in 2025.

Registration will remain open until the show in February
More information at www.rmaces.org

Asphalt Conference and Equipment Show Scheduled for 2025

Women of Asphalt - Colorado

We are a group of passionate women involved in the Asphalt industry. We come from a large variety of backgrounds and scopes, but share the same mission. We strive to connect and inspire women in asphalt-related fields through various events, training and conferences.

We have fun too!

The Women of Asphalt Colorado Branch held their annual Retreat in October in Lone Tree. Board members and many committee members gathered to plan and discuss activities for the coming year. This included electing our new board members for 2025.

For more information contact any of the 2025 Board Members

President

Shawna Olson, VP
Southern Colorado

Abby Glaser
Treasurer

Fran Walmer
Secretary

Nicki Upright
Past President

WofA Goals:

AWARENESS - Increasing awareness of opportunities in the industry.

KNOWLEDGE - Elevating knowledge through education and resources.

COMMUNITY - Providing platforms to create supportive relationships and growth.

2025 EVENTS:

TRAINING ACADEMY - We will hold our training academy sessions once each quarter to expand the knowledge of persons working in our industry. The sessions will focus on different areas within the Asphalt Construction world.

The Women of Asphalt, Colorado is open to Women and Men

51st Annual RMACES - February 19 & 20

5th Annual Golf outing - May 9, 2025 at Homestead Golf Course in Lakewood.

August 8, 2025 - Annual CAPA/W of A BBQ - Transwest, 20770 I-76, Brighton, CO

December 2025 - Annual Christmas Party - Location TBD

Casual and informative Mixers throughout the year

CAPA MERCHANDISE STORE

Looking for some CAPA
logo'd merchandise?
The CAPA Store [www.
capaclothing.itemorder.com/shop/home](http://www.capaclothing.itemorder.com/shop/home)

is open 4
times a year, January, April, July and October. Join Us
in promoting asphalt materials and our association through merchandise and
apparel for both men and women. Get on line and orde your's, they are drop
shipped directly to your address.

Orders placed in this storefront are processed on a weekly basis when the
store is open. All clothing items are displayed with the CAPA logo, Women of
Asphalt logo, or ASPHALT logo. You will be prompted to choose which logo(s)
you prefer. The logo(s) that you select will be placed on the left chest of the
garment or merchandise. You can choose to have the ASPHALT logo added to
the sleeve in addition to the left chest CAPA or Women of Asphalt logo for an
additional fee.

If you have any questions placing your order, do not hesitate to contact us at
help@goodsonsupplyco.com.

CAPA Staff Contact: Tom Clayton tomclayton@co-asphalt.com

Looking for CAPA Hats, Stickers, Pens. Reach out to see what we have in stock!

SUSTAINABLE BUILDING SOLUTIONS.**

RETHINK YOUR ASPHALT

Ambient™
ASPHALT TECHNOLOGY

- Micro crews
- Minimal lane closures
- No mixing, no tack
- No stockpile leaching

ENDURANCE MEETS CONVENIENCE

Discover the perfect balance of endurance and convenience with EZ Street Asphalt. Our engineered asphalt is designed to provide long-lasting performance while offering the endurance of hot mix and convenience of cold mix. No matter the application, whether it is a pothole, overlay, or utility cut, EZ Street Asphalt is the reliable choice that exceeds expectations.

PERFORMANCE-PROVEN | THERMALLY RESILIENT | WORKS IN WATER

AVAILABLE IN 50 LB BAGS AND LOOSE BULK

YOUR INSIDE CONNECTION

Meet CASI Asphalt & Concrete. Their bringing EZ Street all-temperature asphalt to your community. Give CASI a call to see for yourself. We can set up a demo, or send over a sample bag

We Make a Difference!

How can we Serve You?
Our award-winning, highly experienced and dedicated team has been providing Engineering services since 1987.

Services

- *Construction Material Consulting, Design, Observation, QA/QC Testing, and Special Inspections
- *Aggregate Resources Evaluation
- *AASHTO Accredited Laboratory
- *Asphalt Mixture Designs
- *Mix Optimization, Design, and Consultation
- *Unmanned Aerial Imaging and Data Collection
- *Pavement Thickness Design and Subgrade Stabilization
- *Failure Analysis, Claim Evaluation, and Litigation Support
- *Geotechnical Engineering and Design
- *Engineering Geology / Geohazard Assessment

NEW

HELPING YOU NAVIGATE EVERY STEP ALONG THE WAY.

CONSTRUCTION OBSERVATION,
MATERIALS TESTING, ENGINEERING SERVICES,
MIX DESIGNS, CONSULTING, AND EVALUATIONS.

CTLThompson offers a full range of services to assist in sampling, testing, and documenting the quality of construction materials. We provide appropriately certified and qualified technicians to sample, test, and document placement of soils, asphalt, concrete and aggregate products during construction.

Our staff can promptly identify problems and work with the project team to provide alternative solutions. With multiple areas of competency, we provide our clients with a single source for construction observation and material testing services.

ENERGY

Dear colleagues and friends,

It is with great sadness that we share the passing of Jerry Whaley, who passed away in a tragic boating accident on June 16th. Over his remarkable 28-year career with Kiewit, Jerry left an enduring impact on the company, his colleagues, and the industry.

Jerry began his career as a laborer and quickly rose through the ranks to become an operator, foreman, superintendent, and eventually oversee labs, sales, and maintenance for all of Kiewit's Colorado asphalt facilities. His work spanned many significant projects, including the Hayden Coal Project, Akutan Airport, I-25, Oroville Dam, and numerous projects in Colorado. He also played a critical role in reviving the Sedalia plant and establishing the Aurora plant, helping drive success across the region.

Renowned as one of the best plant technicians and troubleshooters in the industry, Jerry's expertise in asphalt, concrete, and crushing plants was unmatched. Known for his innovative "Jerry-rigged" solutions, he was a go-to expert not just for colleagues but also others within the industry, always willing to share his knowledge and lend a helping hand.

Beyond his technical skills, Jerry was a mentor to countless individuals throughout his career, training and guiding laborers, operators, engineers, and managers. His commitment to quality and strong relationships with customers and suppliers elevated Kiewit's reputation for excellence.

Above all, Jerry was a family man. He is survived by his wife, Heather, and their four children: Braedon, who works for Kiewit in Colorado Springs, Treyston, Garrett, and Cai.

Jerry's passing is a tremendous loss to all who knew him. He was a great co-worker, an excellent mentor and most of all, an incredible friend. His legacy will live on through the many lives he touched.

Kiewit

POWER
EQUIPMENT COMPANY

POWERFUL SOLUTIONS
FOR COLORADO CONTRACTORS SINCE 1936

Your loyal and long-standing partner delivering the right solutions and support to power your success.

THE POWER EQUIPMENT COMPANY

ADVANTAGE

- Extensive product solutions and experience in *Construction, Paving & Compaction, and Aggregate* industries.
- Local branch OEM parts availability.
- Dedicated product support available anytime, anywhere.

BOMAG SOIL COMPACTORS WE PROVIDE WHAT CONSTRUCTION SITES NEED.

OUR HEAVY DUTY MODELS. UP TO ANY CHALLENGE.

All construction projects have one thing in common: They require load-bearing subsoil. Which is why single drum rollers and soil compactors play a crucial part in the construction process. Specifications, however, are highly diverse. A contractor working next to a listed house has to use a compaction method which is entirely different from that used in conventional road construction. BOMAG offers a wide range of single drum rollers and soil compactors for every type of work.

Simplify Roadway Construction with BearCat's Asphalt Distributors

An asphalt distributor is a vital tool for road paving and maintenance, allowing crews to precisely spray 1,000 to 4,500 gallons of liquid asphalt on highways, roads, and parking lots. It's an essential addition to the equipment fleet for road maintenance companies offering services like sealcoating, chip sealing, or emulsion spraying.

CONTACT POWER EQUIPMENT COMPANY

For all of your BOMAG and BEARCAT equipment, parts, and service needs in Colorado. With branch locations in Denver, Colorado Springs, Durango, Grand Junction, and Greeley we are here to support your business.

STAY CONNECTED WITH ASPHALT

THE Road Ahead Magazine

Published twice per year as an insert in the Colorado Public Works Journal. *The Road Ahead* is an invaluable resource not only to CAPA members, but also to our agency and consultant partners. Available in a print and digital form.

Membership Directory and Buyer's Guide

An annual publication that is referenced throughout the year by members to stay connected with fellow industry professionals or who are in need of products and service solutions.

***In Front of The Paver* e-Newsletter**

In Front of the Paver, filled with industry news and updates, is distributed to CAPA Members and our partners approximately every two weeks.

CAPA website – www.co-asphalt.com

Available as a resource 24/7, this year-around resource includes an expansive library of resources, information on specifications, upcoming training opportunities, links to CDOT requirements and research reports.
