

CAPA Membership - Volunteer Payments 2025

The following activities have been established to receive funding from those member companies who make volunteer payments. Please add the dollar value or percent of your payment to each area you would like to help fund.

\$ or % of Funding

Local Agency Street Funding Support:

CAPA has been very successful in recent years supporting local ballot measures for street/road improvements. These funds will be used to support local agency ballot measures to increase funding for streets and roads.

\$ _____

Workforce Development Initiatives:

Attracting and developing a workforce is critical for the asphalt industry of Colorado. CAPA has increased its efforts in support of our members. These funds will support CAPA's continued workforce development initiatives.

\$ _____

Higher Education Construction Management Programs

CAPA continues to do outreach and support the Construction Management Programs at Colorado institutions of Higher Education such as CSU, CMU, Pikes Peak Community College, etc., A volunteer payment would be used to offset CAPA's annual expenses.

\$ _____

Environmental Advocacy:

Environmental regulations, requirements and restrictions continue to be a challenge for the asphalt industry. In addition, there continues to be increased scrutiny on construction material providers. A volunteer payment will provide additional resources to support CAPA's efforts in this critical area.
