

EH&S / Regulatory Affairs

*Protect our people and the environment,
advocate for realistic regulation,
assist with compliance obligations*

- ✓ **Administration changes will help but unlikely a panacea and a long slow slog**
 - Federal OSHA uncertain | Trump/Zeldin cutting EPA departments/programs
- ✓ **EPA released a flurry of regulations Nov. 5 through Jan. 19**
 - Some will be difficult to strike or claw-back (CRA look-back)
- ✓ **NAPA's EH&S Committee structure is:**
 - Health & Safety | Environmental

Health & Safety Priorities

- ✓ **PRIORITIZE Work Zone Safety**
- ✓ **Increase Mental Health Awareness**
- ✓ **Facilitate Heat Illness Prevention**
- ✓ **Address, assist, and comply with Chlorinated Solvents Ban**
 - Less than a dozen state DOTs require binder solvent extraction
 - QA labs will need to identify/control exposure and implement Chemical Hygiene Plan
- ✓ **Manage Vehicle Fleet / Transportation Risk**

Environmental Regulatory Priorities

- ✓ **Manage Env Justice Impacts on Zoning and Permitting**
 - Enhancing industry community relations toolkit & best practices
- ✓ **Promote Product & Environmental Stewardship**
 - Smog research with Univ. California - Riverside
- ✓ **Path Forward on PFAS Forever Chemicals / Airfield Pavements**
 - EPA's Superfund designation (one hot mess)
 - **Tenuous** litigation landscape
 - Recycling research via FAA's APTTP
 - Legislative advocacy – **Liability Shield**
